Формуляр препаратов, покрываемых по Части D, 2026 г.

Примечание для действующих участников. Содержание данного формуляра изменилось по сравнению с прошлым годом. Ознакомьтесь с настоящим документом, чтобы убедиться, что в нем все еще содержатся принимаемые вами препараты.

Местоимения «мы», «нас», «нам» и «наш», используемые в этом списке препаратов (формуляре), относятся к плану ElderServe MAP (HMO D-SNP). Термины «план» и «наш план» означают план ElderServe MAP (HMO D-SNP)

Этот документ включает «Список препаратов» (формуляр) для нашей программы, актуальный на 06/12/2026. Свяжитесь с нами, чтобы получить обновленную версию «Списка препаратов» (формуляра). Наша контактная информация, а также дата последнего обновления «Списка препаратов» (формуляра) указаны на лицевой и задней стороне обложки.

Как правило, вы должны обращаться в сетевые аптеки для получения рецептурных препаратов в рамках ваших льгот. Доступные льготы, содержание формуляра, сеть аптек и/или размер доплат/сострахования могут измениться 1 января 2026 года и иногда в течение года.

Что такое формуляр ElderServe MAP (HMO D-SNP)?

В настоящем документе термины «Список препаратов» и «формуляр» означают одно и то же. Формуляр — это список покрываемых лекарственных препаратов, составленный организацией ElderServe MAP (HMO D-SNP) совместно с группой поставщиков медицинских услуг и включающий лекарственные средства, которые считаются необходимой частью программы качественного медицинского обслуживания. Как правило, стоимость препаратов, перечисленных в формуляре, покрывается ElderServe MAP (HMO D-SNP), если препарат необходим с медицинской точки зрения и для его получения участник обращается в сетевую аптеку ElderServe MAP (HMO D-SNP), а также если соблюдаются остальные правила плана. Для получения дополнительной информации о выдаче препаратов по рецепту см. «Подтверждение страхового покрытия».

Может ли измениться формуляр?

Большинство изменений в покрытии препаратов начинают действовать с 1 января, но сотрудники плана ElderServe MAP (HMO D-SNP) могут дополнять формуляр или исключать из него лекарства, а также изменять для них уровень разделения затрат либо вносить новые ограничения в течение всего года. Мы должны следовать правилам Medicare при внесении таких изменений. Обновления формуляра публикуются ежемесячно на нашем веб-сайте: <https://elderservemap.org/members/member-materials/>.

Изменения, которые могут затронуть вас в этом году, представлены далее. В нижеуказанных случаях изменения в покрытии препаратов затронут вас в течение года.

- **Немедленная замена некоторых новых версий брендовых препаратов и оригинальных биологических продуктов.** Мы можем немедленно удалить препарат из нашего формуляра, если заменяем его определенной новой версией этого препарата, которая будет иметь такие же ограничения или меньшее их количество. Когда мы добавляем новую версию препарата в формуляр, мы можем оставить брендовый препарат или оригинальный биологический продукт в формуляре, но сразу добавить новые ограничения.

Мы можем вносить такие немедленные изменения только в случае, если мы добавляем новую дженерическую версию брендового препарата или добавляем определённые новые биосимиляры оригинального биологического продукта, которые уже были в формуляре (например, добавление взаимозаменяемого биосимиляра, который может быть заменен в аптеке на оригинальный биологический продукт без нового рецепта).

Если вы в настоящее время принимаете брендовый препарат или оригинальный биологический продукт, мы можем не уведомить вас заранее о немедленном изменении, но позже предоставим вам информацию о конкретных изменениях, которые были внесены.

Если мы вносим такое изменение, вы или ваш лечащий врач можете попросить нас сделать исключение и продолжить покрытие препарата, который подвергся изменению. Для получения дополнительной информации см. раздел ниже «Как запросить исключение из Формуляра ElderServe MAP (HMO D-SNP)?»

Некоторые из этих типов препаратов могут быть для вас новыми. Для получения дополнительной информации см. раздел ниже «Что такое оригинальные биопрепараты и как они связаны с биосимилярами?»

- **Препараты, выведенные из обращения.** Если препарат изымается с продажи производителем или Управление по санитарному надзору за качеством пищевых продуктов и медикаментов (Food and Drug Administration, FDA) по причинам безопасности либо эффективности, мы можем немедленно удалить препарат из нашего формуляра и позже уведомить членов плана, которые его принимают.
- **Прочие изменения.** Мы можем вносить и другие изменения, которые затрагивают участников, в настоящее время принимающих определенный препарат. Например, мы можем добавить новый дженерик для замены брендового препарата, который уже находится в формуляре, или добавить новый биосимилар для замены оригинального биологического продукта, который уже есть в формуляре, либо добавить новые ограничения, либо и то, и другое после добавления соответствующего препарата. Мы также можем применять новые ограничения к брендовым препаратам или оригинальным биологическим продуктам, либо к обоим. Мы можем вносить изменения на основе новых клинических рекомендаций. Если мы исключаем препараты из формуляра, добавляем требования предварительного одобрения, ограничения по количеству и/или пошаговую терапию для препарата, мы обязаны уведомить затронутых членов как минимум за 30 дней до вступления изменений в силу. В качестве альтернативы, когда участник запрашивает повторный рецепт на препарат, он может получить 30-дневный запас препарата и уведомление о внесенных изменениях.

Если мы вносим такие изменения, вы или специалист, выписавший вам рецепт, можете попросить нас сделать для вас исключение и продолжить покрытие препарата, который вы принимаете. Уведомление, которое мы вам предоставим, также будет содержать информацию о том, как подать запрос на исключение. Дополнительную информацию можно найти в разделе ниже «Как запросить исключение из Формуляра ElderServe MAP (HMO D-SNP)?».

Изменения, которые не затронут вас, если в настоящее время вы принимаете определенный препарат. Как правило, если вы принимаете покрываемый препарат, входивший в наш формуляр на начало 2026 страхового года, мы не станем отменять или сокращать покрытие такого препарата в течение 2026 страхового года, за исключением вышеописанных случаев. Это означает, что такие препараты останутся доступными в рамках той же схемы разделения затрат и без новых ограничений для тех участников, которые принимают их в течение оставшегося до конца года срока. В течение года вы не будете получать уведомления об изменениях, которые вас не затрагивают. Однако начиная с 1 января следующего года такие изменения вас коснутся, и поэтому важно ознакомиться с формуляром на следующий год и проверить его на предмет каких-либо изменений, касающихся препаратов.

Прилагаемый формуляр актуален на 05/18/2026. Чтобы получить актуальную информацию о препаратах, покрываемых планом ElderServe MAP (HMO D-SNP), свяжитесь с нами. Наша контактная информация указана на лицевой и задней стороне обложки.

Как использовать формуляр?

Поиск вашего препарата в формуляре можно произвести двумя способами:

По заболеванию

Формуляр начинается со страницы 2. Препараты в этом формуляре сгруппированы по категориям в зависимости от заболеваний, для лечения которых они предназначены. Например, лекарства, используемые для лечения сердечно-сосудистых заболеваний, указаны в категории «ПРЕПАРАТЫ ДЛЯ СЕРДЕЧНО-СОСУДИСТОЙ СИСТЕМЫ / ОТ ГИПЕРТОНИИ / ДЛЯ КОНТРОЛЯ ЛИПИДОВ». Если вы знаете, для чего назначается ваш препарат, найдите соответствующую категорию в списке, который начинается со страницы 2. Затем найдите свой препарат в соответствующей категории.

По алфавиту

Если вы не знаете, в какой категории следует искать препарат, обратитесь к указателю, который начинается на странице 94. Указатель представляет собой алфавитный список всех препаратов, включенных в настоящий документ. В указателе приводятся фирменные препараты и дженерики. Выполните поиск по указателю, чтобы найти свой препарат. Рядом со своим препаратом вы увидите номер страницы, на которой размещается информация о покрытии. Откройте страницу, обозначенную в указателе, и найдите название своего препарата в первом столбце списка.

Что такое дженерики?

План ElderServe MAP (HMO D-SNP) покрывает как фирменные препараты, так и дженерики. Дженерик — это одобренный FDA препарат, содержащий такое же действующее вещество, как и фирменный. Как правило, дженерики работают так же хорошо и обычно стоят дешевле, чем фирменные препараты. Для многих фирменных лекарственных препаратов есть замещающие их дженерики. Дженерики обычно можно заменить фирменным препаратом в аптеке без необходимости получения нового рецепта, в зависимости от законов штата.

Что такое оригинальные биопрепараты и как они связаны с биосимилярами?

В нашем формуляре, термин «препарат» может означать как лекарственный, так и биологический препарат. Биологические препараты — это препараты, которые сложнее обычных лекарств. Поскольку биологические препараты более сложны, чем обычные лекарства, у них нет прямого дженерического аналога; вместо этого существуют альтернативы, называемые биосимилярами. Как правило, биосимиляры работают так же хорошо, как и оригинальный биологический препарат, и могут стоить дешевле. Для некоторых оригинальных биологических препаратов существуют биосимиляры. Некоторые биосимиляры являются взаимозаменяемыми и, в зависимости от законодательства штата, могут заменять оригинальный биологический препарат в аптеке без необходимости нового рецепта, так же, как дженерические препараты могут заменять брендовые.

Подробнее о типах препаратов см. в документе «Подтверждение страхового покрытия», глава 5, раздел 3.1, «В «Списке препаратов» указано, какие препараты по Части D покрываются».

Есть ли какие-либо ограничения в отношении моего покрытия?

В отношении некоторых препаратов, покрываемых страховым планом, могут действовать дополнительные требования или ограничения. Такие требования и ограничения могут включать:

- **Предварительное разрешение:** план ElderServe MAP (HMO D-SNP) требует, чтобы вы или специалист, выписавший вам рецепт, получили предварительное разрешение на определенные препараты. Это значит, что вам потребуется разрешение ElderServe MAP (HMO D-SNP), чтобы получить эти препараты по рецепту. Если вы не получите одобрение, ElderServe MAP (HMO D-SNP) может не покрыть ваш препарат.
- **Количественные ограничения:** Для некоторых препаратов ElderServe MAP (HMO D-SNP) ограничивает количество препарата, которое будет покрыто ElderServe MAP (HMO D-SNP). Например, программа ElderServe MAP (HMO D-SNP) предоставляет 60 таблеток на 30 дней по рецепту для препарата СТРЕПТОМИЦИН. Это может быть в дополнение к стандартному месячному или трехмесячному запасу. Это может быть в дополнение к стандартному месячному или трехмесячному запасу.
- **Поэтапная терапия:** В некоторых случаях ElderServe MAP (HMO D-SNP) требует, чтобы вы сначала попробовали определенные препараты для лечения вашего заболевания. Только после этого в покрытие будет внесен другой препарат для лечения этого заболевания. Например, если для лечения вашего заболевания используются препарат А и препарат В, то ElderServe MAP (HMO D-SNP) может включить в покрытие препарат В только после того, как вы вначале попробуете принимать препарат А. Если препарат А вам не подойдет, ElderServe MAP (HMO D-SNP) включит в покрытие препарат В.

Чтобы узнать о наличии дополнительных требований или ограничений в отношении вашего препарата, ознакомьтесь с формуляром, который начинается на странице 1. Вы также можете получить дополнительную информацию об ограничениях, действующих в отношении некоторых покрываемых препаратов, ознакомившись с нашим веб-сайтом. На веб-сайте размещены документы, разъясняющие процедуру получения предварительного разрешения и требования в отношении поэтапной терапии.

Вы также можете обратиться к нам за бумажной копией соответствующих документов. Наша контактная информация, а также дата последнего обновления формуляра указаны на лицевой и задней стороне обложки.

Вы можете обратиться в ElderServe MAP (HMO D-SNP) с просьбой в порядке исключения снять указанные ограничения либо предоставить список альтернативных препаратов, используемых для лечения вашего заболевания. См. раздел «Как запросить исключение из Формуляра ElderServe MAP (HMO D-SNP)?» на странице V, где указана соответствующая информация.

Что делать, если мой препарат не внесен в формуляр?

Если ваш препарат не включен в формуляр (перечень покрываемых препаратов), в первую очередь вам необходимо обратиться в отдел обслуживания участников и уточнить, входит ли препарат в покрытие.

Если вы выясните, что план ElderServe MAP (HMO D-SNP) не покрывает ваш препарат, у вас есть два варианта:

- Вы можете обратиться в Службу поддержки участников за списком аналогичных препаратов, покрываемых программой ElderServe MAP (HMO D-SNP). Когда вы получите этот список, покажите его своему врачу и попросите его выписать аналогичный препарат, который покрывается программой ElderServe MAP (HMO D-SNP).
- Вы можете обратиться в ElderServe MAP (HMO D-SNP) с просьбой в порядке исключения внести ваш препарат в покрытие. См. информацию ниже о том, как попросить об исключении.

Как запросить исключение из формуляра ElderServe MAP (HMO D-SNP)?

Вы можете запросить у ElderServe MAP (HMO D-SNP) исключение из правил страхового покрытия. Есть несколько видов исключений, о которых вы можете просить у представителей плана.

- Вы можете обратиться к нам с запросом о предоставлении покрытия для лекарства, даже если оно не внесено в наш формуляр. При получении одобрения препарат будет оплачиваться на определенных условиях разделения затрат, и у вас не будет возможности требовать предоставления препарата по меньшей стоимости.
- Вы можете попросить нас отменить ограничение на покрытие препарата, включая требования предварительного одобрения, поэтапной терапии или ограничения по количеству. Например, иногда план ElderServe MAP (HMO D-SNP) ограничивает количество покрываемого препарата. Если в отношении вашего препарата действуют количественные ограничения, вы можете обратиться с просьбой отменить эти ограничения и увеличить количество покрываемого препарата.

В целом, администрация ElderServe MAP (HMO D-SNP) одобрит ваш запрос на исключение только в том случае, если альтернативные препараты, включенные в формуляр плана, или применение ограничения не будут для вас столь же эффективными и/или могут вызвать у вас побочные эффекты.

Вы или специалист, выписавший вам рецепт, должны связаться с нами, чтобы запросить исключение из формуляра, включая исключение из ограничения на покрытие. ***Когда вы запрашиваете исключение, специалист, выписавший вам рецепт, должен будет объяснить медицинские причины, по которым вам нужно это исключение.*** Как правило, мы выносим решение в течение 72 часов с момента получения нами заявления специалиста, выписавшего вам рецепт и поддерживающего ваш запрос. Вы можете

попросить об ускоренном (быстром) решении, если считаете, что ваше здоровье может серьезно пострадать из-за ожидания решения до 72 часов, и мы согласны с этим. Если мы согласны или если специалист, выписавший вам рецепт, просит ускоренное рассмотрение, мы обязаны принять решение не позднее чем через 24 часа после получения подтверждающего заявления от вашего специалиста.

Что делать, если мой препарат не указан в формуляре или на него наложено ограничение?

Будучи новым или действующим участником нашей программы, вы можете принимать препараты, которые не включены в наш формуляр. Или вы можете принимать препарат, который включен в формуляр, но на него наложено ограничение на покрытие, например требование предварительного разрешения. Вы должны обсудить со своим специалистом, выписавшим рецепт, возможность запроса решения о покрытии, чтобы показать, что вы соответствуете критериям для одобрения, перехода на альтернативный препарат, который мы покрываем, или запроса исключения из формуляра, чтобы мы покрывали препарат, который вы принимаете. Пока вы и ваш специалист определяете подходящее решение, мы можем покрывать ваш препарат в определенных случаях в течение первых *<не менее 90 дней>* вашего участия в программе.

Для каждого препарата, которого нет в формуляре или на который наложено ограничение, мы предоставим временный запас на 30 дней. Если ваш рецепт выписан на меньший срок, мы разрешим повторные выдачи, чтобы обеспечить максимальный 30-дневный запас препарата. Если покрытие не будет одобрено, после первого 30-дневного запаса мы не будем оплачивать эти препараты, даже если вы состоите в программе меньше 90 дней.

Если вы проживаете в учреждении долгосрочного ухода и вам требуется препарат, не внесенный в наш формуляр, или препарат, в отношении которого действуют ограничения, и при этом истекли первые 90 дней вашего участия в нашем плане, мы оплатим экстренный 31-дневный запас препарата, пока вы будете подавать запрос на предоставление исключения из правил формуляра.

Формуляр ElderServe MAP (HMO D-SNP)

Ниже приведен формуляр с информацией о покрытии препаратов планом ElderServe MAP (HMO D-SNP). Если вам трудно найти свой препарат в списке, обратитесь к указателю, который начинается на странице 88.

В первом столбце таблицы приведены названия препаратов. Фирменные препараты пишутся заглавными буквами (например, DIFICID ORAL TABLET), а дженерики — строчными буквами курсивом (например, эритромицин этилсукцинат, таблетки для приема внутрь).

Ниже приведен список сокращений, которые могут встречаться в данном документе в столбце «Требования/ограничения», содержащем информацию о наличии особых требований к покрытию препарата.

Список сокращений

B/D PA. Этот рецептурный препарат может быть покрыт в рамках Части В или Части D Medicare, в зависимости от обстоятельств. Возможно, потребуется предоставить информацию о применении и условиях использования препарата для принятия решения.

LA. Ограниченная доступность. Этот рецептурный препарат может быть доступен только в определенных аптеках. Для получения дополнительной информации позвоните в отдел обслуживания клиентов.

MO. Препарат, доставляемый по почте. Этот рецептурный препарат можно приобрести через нашу службу доставки по почте, а также в аптеках нашей розничной сети. Рассмотрите возможность заказа по почте препаратов длительного пользования (поддерживающих; например, препаратов для лечения высокого давления). Розничные аптеки могут быть более подходящими для краткосрочных рецептов (например, антибиотиков).

PA. Предварительное разрешение. План требует, чтобы вы или специалист, выписывающий вам рецепты, получали предварительное разрешение на определенные препараты. Это значит, что вам требуется разрешение для получения рецептурных препаратов. Если вы не получите разрешение, мы можем не включить препарат в покрытие.

QL. Ограничение по количеству. Для некоторых препаратов план ограничивает покрываемое количество.

ST. Поэтапная терапия. В некоторых случаях план требует сначала попробовать определенные препараты для лечения вашего заболевания, прежде чем мы покроем другой препарат для этого состояния. Например, если препарат А и препарат В оба используются для лечения вашего заболевания, мы можем не покрывать препарат В, пока вы не попробуете препарат А. Если препарат А вам не подойдет, мы включим в покрытие препарат В.

V. Эта вакцина предоставляется взрослым бесплатно, если используется в соответствии с рекомендациями Консультативного комитета по иммунизации (Advisory Committee on Immunization Practices, ACIP) Центров по контролю и профилактике заболеваний (Centers for Disease Control and Prevention, CDC).
